

# Leeway II™

## Leeway II™

APPROVED FOR XTENDIMAX®, ENGENIA® and FEXAPAN®  
TANK MIXES

Water Conditioning Agent / Nonionic Surfactant / Humectant /  
Drift Reduction Agent

### Principal Functioning Agents

Trisodium citrate dihydrate, alkyl polyglucoside C9-11, diethylene glycol.....	34.75%
Constituents ineffective as spray adjuvants.....	65.25%
<b>Total.....</b>	<b>100.00%</b>

All ingredients are exempt from the requirements of a tolerance as specified in 40 CFR 180.

**KEEP OUT OF REACH OF CHILDREN  
WARNING**

### Hazard Statements

- Causes eye irritation.
- Causes mild skin irritation.
- May cause an allergic skin reaction.
- May cause damage to organs through prolonged or repeated exposure.

### Precautionary Statements

- Wash thoroughly after handling.
- Wear protective gloves and eye/face protection.
- Contaminated work clothing should not be allowed out of the workplace.
- Avoid breathing dust, fume, gas, mist, vapors, spray.
- Get medical attention if you feel unwell.
- **IF IN EYES:** Rinse continuously with water for several minutes.
- Remove contact lenses if present and easy to do; continue rinsing.
- If eye irritation persists, get medical advice/attention.
- **IF ON SKIN OR CLOTHING:** Wash with plenty of soap and water.
- If skin irritation or a rash occurs, get medical advice/attention.
- Wash contaminated clothing before reuse.

### First Aid

**If Inhaled:** Move person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. If you feel unwell, call a poison control center or doctor/physician for further treatment advice.

**If Swallowed:** If you feel unwell, call a poison control center or doctor/physician immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

**If on Skin or Clothing:** Take off contaminated clothing and wash before reuse. Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical advice/attention.

**Eye Contact:** Hold eye open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. If eye irritation persists, get medical advice/attention.

### General Information

Leeway II is a drift reduction and water conditioning agent formulated specifically for XtendiMax® tank mixes to reduce off-target drift. Leeway II imparts a neutral pH. Leeway II can eliminate antagonism of the spray tank caused by hard water minerals such as calcium, iron and magnesium. The surfactant ingredient in Leeway II improves spray droplet spreading and penetration into the targeted leaf surface. Leeway II provides humectancy to spray droplets resulting in a slower drying time for enhanced uptake of active ingredients. Leeway II can be used for a wide range of pesticide and nutrient spray mixtures when accompanying labels recommend water conditioners and spreader-wetter adjuvants.

WA Reg. No. 45989-18001

### Directions For Use

For use with herbicides registered for use for agriculture, forestry, and industrial, municipal, ornamental, right-of-way, turf, and non-cropland.

Prior to using Leeway II, the user or application advisor must have experience with the combination of active ingredients or must have conducted a phytotoxicity trial.

Leeway II may be applied by ground, CDA or aerial spray equipment.

**Ground/Aerial for Water Conditioning/Buffering:** Use 1 to 4 quarts per 100 gallons of spray mixture.

**For Use As a Drift Reduction Agent for XtendiMax®, Engenia®, Tavium® Tank Mixes:** Use 5 pints (minimum) to 8 pints (maximum) per 100 gallons in the spray mixture.

Do not use this product at a rate to exceed 1% v/v of finished spray tank mixture.

### Mixing

Prior to any pesticide application, all spray equipment must be thoroughly cleaned. Carefully observe all tank cleaning directions on the pesticide label.

Do not mix Leeway II with undiluted herbicides.

Unless instructed otherwise by accompanying pesticide label instructions, fill spray tank 1/2 full with water, add Leeway II first then continue filling tank. Add remaining pesticide or nutrient ingredients consistent with respective label directions.

### Storage and Disposal

Do not store below 32°F or above 120°F.

**Storage:** Do not contaminate water, food or feed by storage or disposal of this product. Store in a dry, well-ventilated space. Keep container tightly closed. Keep cool.

**Disposal:** Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit [www.acrcycle.org](http://www.acrcycle.org). Dispose of contents/container in accordance with local/national regulations.

### Environmental Hazards

**Not for aquatic use.** Do not contaminate water sources by cleaning of equipment or disposal of wastewaters.

#### CONDITIONS OF SALE, LIMITED WARRANTY, AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions of this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of KALO, Inc., the manufacturer or seller. In addition, failure to follow label directions may cause injury to crops, animals, workers or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind express or implied concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at KALO, Inc.'s election, one of the following:

1. Refund of the purchase price paid by buyer or user for product purchased, or,
2. Replacement of the product used.

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company, the manufacturer and seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
