

# Pure & Simple Crop Oil™

## Crop Oil Concentrate

### GENERAL INFORMATION

Pure & Simple Crop Oil is a nonphytotoxic superior type of agricultural spray oil designed for use with a broad range of post-emergence herbicides as well as desiccants, defoliants, and other pesticides.

Pure & Simple Crop Oil increases the activity of herbicides and, therefore, care should be exercised when herbicide spray containing Pure & Simple Crop Oil is applied to new varieties or highly inbred lines not previously treated with spray tank adjuvants. Use caution when applying with herbicides.

Pure & Simple Crop Oil may increase the effectiveness of the spray mixture. If mixture has not been used before, it is recommended that small test areas be treated before undertaking large-scale application.

### USE RATES

**Aerial and Control Droplet Application (CDA):** 4 to 8 pints (0.50% to 1.0% v/v) per 100 gallons of spray mix.

**Ground:** 1 to 4 pints (0.125% to 0.50% v/v) per acre.
