### Storage and Disposal

**Do not contaminate water, food or feed by storage or disposal of this product.**

**Storage:** Store in a dry place. Store in tightly closed container in well-ventilated area. Keep cool.

**Disposal:** Do not reuse empty container. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit [www.acrecycle.org](http://www.acrecycle.org). Decontaminated containers may also be disposed of in a sanitary landfill. Dispose of contents/container in accordance with local and national regulations.

### Environmental Hazards

Do not contaminate water sources by cleaning of equipment or disposal of wastewaters.

Weight per Gallon at 68°F (20°C) is 9.09 Lbs

### Net Contents

**2.5 Gallons (9.46 Liters) or 2 x 2.5 Gallons (18.93 Liters)**

## First Aid

**Eye Contact:** Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical attention.

**If Swallowed:** Rinse mouth. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If you feel unwell, call a poison control center or physician immediately for treatment advice.

**Inhalation:** Move person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. If you feel unwell, call a poison control center or physician for further treatment advice.

**If on Skin or Clothing:** Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical attention. Take off contaminated clothing and wash before reuse.

## General Information

Rain-Check® is a unique blend of humectant and surfactant chemistries formulated to improve infiltration and retention of irrigation water and rainfall within the soil profile.

Rain-Check alters the property of water to enhance its ability to penetrate repellent soils.

Rain-Check improves irrigation efficiency and enhances the growing environment by increasing soil moisture content at the rootzone.

## Directions For Use

Apply Rain-Check anytime throughout the growing season.

Rain-Check can be applied through an irrigation system utilizing drip tubes, tape, micro emitters or overhead sprinklers or through conventional spray equipment.

Rain-Check is compatible for use with a wide range of fertilizer and nutrient products.

When adding Rain-Check to irrigation injection tanks, it's always advisable to conduct an advanced jar test to confirm storage compatibility.

Always read and follow label instructions for plant nutrients or other tank mix partners to be used with Rain-Check.

## Use Rates

### Injection Through Irrigation Systems

**Initial Application:** Inject 1 quart of Rain-Check per acre.

**Follow-Up Application:** Inject 1 pint of Rain-Check per acre, or increase to meet the demand of the crop or environmental conditions.

### Conventional Sprayers

**Initial Application:** Apply at 1 quart per acre diluted in sufficient water carrier for adequate spray distribution.

**Follow-Up Application:** Reapply Rain-Check at 1 pint per acre every four weeks to maintain efficacy.

Follow spray applications with a brief irrigation cycle to assist moving Rain-Check into the soil profile.

#### CONDITIONS OF SALE – LIMITED WARRANTY AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions of this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of KALO, Inc., the manufacturer or seller. In addition, failure to follow label directions may cause injury to crops, animals, workers or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind express or implied concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at KALO, Inc.'s election, one of the following: 1) Refund of the purchase price paid by buyer or user for product purchased, or, 2) Replacement of the product used, to the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company, the manufacturer and seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
