

Hydro-Wet® Fertilizer Concentrate

Hydro-Wet® Fertilizer Concentrate

A Soil and Turf Wetting agent for Addition to Soil Media, Dry Fertilizer or Inert Carrier

Principal Functioning Agents

Polyoxyethylenepolypropoxypropanol, glycol butyl ether.....100.0%
Total.....100.0%

KEEP OUT OF REACH OF CHILDREN WARNING

- Combustible liquid (in containers greater than 119 gallons)
- Harmful if swallowed.
- Harmful in contact with skin.
- Harmful if inhaled.
- Causes skin irritation.
- Causes serious eye irritation.

Precautionary Statements

- Keep away from heat, sparks, open flames, hot surfaces.
- No smoking.
- Avoid breathing dust, fumes, gas, mist, vapors, spray.
- Wash thoroughly after handling.
- Do not eat, drink or smoke when using this product.
- Use only outdoors or in a well-ventilated area.
- Wear protective gloves and eye/face protection.
- IN CASE OF FIRE: stop leak if safe to do so.

First Aid

If Swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Have person sip a glass of water if able to swallow. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Always call a poison control center or doctor for treatment advice.

If In Eyes: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. Call a poison control center or doctor for treatment advice.

If On Skin Or Clothing: Wash with plenty of soap and water. Take off contaminated clothing and wash before reuse. Always call a poison control center or doctor for treatment advice.

General Information

Hydro-Wet Fertilizer Concentrate is a high performance turf and soil wetting agent formulated for incorporation into dry fertilizers such as ground corn cob, montmorillonite minerals, vermiculite, peat and peat lite mixes and other soil media or inert carriers.

When incorporated onto a dry carrier, Hydro-Wet Fertilizer Concentrate will assist the management and conservation of water to ensure more uniform distribution and availability of water to the soil root zone.

Hydro-Wet Fertilizer Concentrate reduces watering requirements by minimizing soil repellency thereby reducing water evaporation and run-off.

Directions For Use

Always follow label instruction of any companion product that will be used with Hydro-Wet Fertilizer Concentrate.

For Dry Fertilizers or Inert Carriers: Always premix a small volume of Hydro-Wet Fertilizer Concentrate to dry material to determine adsorption rate of the liquid. Add 1 to 5 gallons of concentrate per 2,000 pounds of dry fertilizer or carrier. Hydro-Wet Fertilizer Concentrate can be slightly diluted with water (10% or less) and applied as a fine mist onto tumbling bed of dry material.

Hydro-Wet Fertilizer Concentrate should not be used in high heat conditions or near an open flame.

Tank Mixing

Tank mix combinations containing Hydro-Wet have not been tested under all growing conditions. Applicator should follow instructions of pesticide label to determine such use. Always exercise caution when using wetting agents with other commonly used turf chemicals and fertilizers. Test a limited turf area prior to large scale applications.

Storage and Disposal

Storage: Store in a well-ventilated place. Keep cool. Store in original tightly closed container only. **Disposal:** Triple rinse container, empty rinse water into spray or stock tank. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler, visit www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill. Dispose of contents/container in accordance with local/national regulations.

CONDITIONS OF SALE, LIMITED WARRANTY, AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions of this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of KALO, Inc., the manufacturer or seller. In addition, failure to follow label directions may cause injury to crops, animals, workers or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind express or implied concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at KALO, Inc.'s election, one of the following:

1. Refund of the purchase price paid by buyer or user for product purchased, or,
2. Replacement of the product used.

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company, the manufacturer and seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
