

Tournament-Ready® Pellets

For Curative or Preventative Treatment of Localized Dry Spot

Directions for Use

Golf Course Greens, Tees and Other Highly Maintained Turf Areas:

Using available commercial in-line hose applicators, remove the plastic lid, insert the Tournament-Ready Pellet and the plastic jar into the reservoir of the hose-end applicator with the opening of the jar containing the pellet facing toward the flow of water. Secure the reservoir to the applicator and begin application. Inserting the jar with the pellet facing away from the water flow will slow the rate of erosion of the pellet thereby reducing the amount of wetting agent dispersed over time. This is an acceptable option for minimizing wetting agent use.

Use Rates:

One pellet should cover 12,000 to 16,000 square feet of area when watering at an average rate of 3 minutes per 1,000 square feet. The rate at which a pellet dissolves varies with water pressure, flow rate and temperature. Reapply Tournament-Ready Pellets as preventative treatment or follow-up maintenance in conjunction with regular turf management programs.

First Aid

Call a poison control center or doctor/physician if you feel unwell and for further treatment advice.

If In Eyes: Hold eyes open and rinse slowly and gently with water for 15 to 20 minutes. Remove contact lenses, if present, after the first 5 minutes then continue rinsing eye.

If On Skin or Clothing: Take off contaminated clothing and wash before reuse. Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical advice/attention.

If Swallowed: Immediately call a poison control center or doctor. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give any liquid to the person. Do not give anything by mouth to an unconscious person.

If Inhaled: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth if possible.

NOT A PLANT FOOD PRODUCT

Principal Functioning Agents

Blend of carbohydrate and polymeric surfactants.....	50.0%
Binders and antifoam agents.....	50.0%
Total.....	100.0%

KEEP OUT OF REACH OF CHILDREN
 **WARNING**

Hazard Statements
