

# Spray-Tek™

## Spray-Tek™

### WATER CONDITIONER / NONIONIC SURFACTANT

#### Principal Functioning Agents

Ammonium sulfate, hydroxy carboxylic acid, phosphoric acid,  
alkyl polyoxyethylene glycol blend, and dispersing agents.....100%  
**Total**..... 100.0%

All ingredients are exempt from the requirements of a tolerance as specified in 40 CFR 180.

### KEEP OUT OF REACH OF CHILDREN WARNING

#### Hazard Statements

- Causes serious eye irritation.
- Causes skin irritation.

#### Precautionary Statements

- Wear protective gloves and eye/face protection.
- Wash thoroughly after handling.

#### First Aid

**If in Eyes:** Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical attention.

**If Swallowed:** Rinse mouth. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If you feel unwell, call a poison control center or physician immediately for treatment advice.

**If Inhaled:** Move person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. If you feel unwell, call a poison control center or physician for further treatment advice.

**If on Skin or Clothing:** Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical attention. Take off contaminated clothing and wash before reuse.

#### General Information

Spray-Tek is a water conditioning agent and nonionic surfactant formulated to enhance pesticide performance.

Spray-Tek improves the spreading and activation of pesticides. Hard water cations and high pH can decrease mixability and solubility of certain pesticides, especially glyphosates, 2,4-D amines, and garlon salts. Ammonium sulfate has long been recognized to aid in the effective uptake of certain pesticides by some plant species.

Spray-Tek contains ammonium sulfate as well as acidifying, buffering, and chelating agents which aid in maintaining the right pH in the tank mix solution, and block hard water cations from interacting with the pesticide molecule.

#### Directions For Use

Refer to pesticide label for specific crop use and application rates. Prior to use, read and follow all directions on this label and on the label of the pesticide being used. The pesticide manufacturer's label for specific usages and restrictions have precedence over Directions For Use referred to on this label. Shake well before use.

#### Use Rates

**General Use Rates:** 1 to 4 quarts per 100 gallons of spray water  
**For Smaller Weeds:** 1 to 2 quarts per 100 gallons of spray water  
**For Larger Weeds:** 3 to 4 quarts per 100 gallons of spray water

#### Mixing Instructions

For best mixing results: Fill spray tank 1/2 full with spray water and begin agitation; next add Spray-Tek; while maintaining agitation, add desired amount of pesticides.

#### Storage, Disposal & Spill

Do not contaminate water, food or feed by storage or disposal of this product.

**Storage:** Do not allow product to freeze. Keep this container tightly closed when not in use. Store in original container. Do not allow water or other chemicals to be introduced into contents of container. Keep away from sparks, flame, static electricity or other ignition sources.

**Disposal:** Do not reuse empty container for any purpose. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit the ACRC web page at [www.acrecycle.org](http://www.acrecycle.org). Decontaminated containers may also be disposed of in a sanitary landfill. Dispose of contents/container in accordance with local/national regulations.

**Spill:** In the event of a major spill, fire or other emergency, call CHEMTREC at (800) 424-9300.

### SPRAY-TEK IS NOT FOR AQUATIC USE

*Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.  
(If you don't understand the label, find someone to explain it to you in detail.)*

#### CONDITIONS OF SALE, LIMITED WARRANTY, AND LIMITATIONS OF LIABILITY AND REMEDIES

Read the Conditions of Sale – Warranty and Limitations of Liability and Remedies before using this product. If the terms are not acceptable, return the product, unopened, and the full purchase price will be refunded. The directions of this label are believed to be reliable and should be followed carefully. Insufficient control of pests and/or injury to crop to which the product is applied may result from the occurrence of extraordinary or unusual weather conditions or the failure to follow the label directions or good application practices, all of which are beyond the control of KALO, Inc., the manufacturer or seller. In addition, failure to follow label directions may cause injury to crops, animals, workers or the environment. The Company warrants that this product conforms to the chemical description on the label and is reasonably fit for the purpose referred to in the directions for use subject to the factors noted above which are beyond the control of the Company. The Company makes no other warranties or representations of any kind express or implied concerning the product, including no implied warranty of merchantability or fitness for any particular purpose, and no such warranty shall be implied by law. The exclusive remedy against the Company for any cause of action relating to the handling or use of this product shall be limited to, at KALO, Inc.'s election, one of the following:

1. Refund of the purchase price paid by buyer or user for product purchased, or,
2. Replacement of the product used.

To the extent allowed by law, the Company shall not be liable and any and all claims against the Company are waived for special, indirect, incidental, or consequential damages or expense of any nature, including, but not limited to, loss of profits or income. The Company, the manufacturer and seller offer this product and the buyer and user accept it, subject to the foregoing conditions of sale and limitation of warranty, liability and remedies.
