Fomark_m

Fomark_™ Foam Marking Agent

Principal Functioning Agents

Proprietary blend of active foam agents	100.0%
Total	100.0%
All ingradiants are examptified the requirements of a televance on aposition in 40 CEP 190	

All ingredients are exempt from the requirements of a tolerance as specified in 40 CFR 180

KEEP OUT OF REACH OF CHILDREN WARNING

Hazard Statements

- · Causes serious eye irritation.
- Causes skin irritation.
- Combustible liquid.

Precautionary Statements

- Wash thoroughly after handling.
- · Wear protective gloves and eye/face protection.
- Keep away from heat, sparks, open flames and hot surfaces. No smoking.
- In case of fire, stop leak if safe to do so.
- IF IN EYES: Rinse continuously with water for several minutes.
- · Remove contact lenses if present and easy to do; continue rinsing.
- · If eye irritation persists, get medical advice/attention.
- IF ON SKIN OR CLOTHING: Wash with plenty of soap and water.
- If skin irritation occurs, get medical advice/attention.
- Take off contaminated clothing and wash before reuse.

First Aid

If in Eyes: Rinse continuously with water for several minutes. Remove contact lenses if present and easy to do; continue rinsing. If eye irritation persists, get medical attention. If Swallowed: Rinse mouth. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person. If you feel unwell, call a poison control center or physician immediately for treatment advice.

If Inhaled: Move person to fresh air and keep at rest in a position comfortable for breathing. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. If you feel unwell, call a poison control center or physician for further treatment advice.

If on Skin or Clothing: Rinse skin immediately with plenty of soap and water for 15 to 20 minutes. If skin irritation occurs, get medical attention. Take off contaminated clothing and wash before reuse.

General Information

Fomark is a highly concentrated, complex blend of foaming agents and foam enhancing additives.

Fomark produces a dense, readily visible foam that is designed to be compatible with a wide range of water hardness and temperature conditions.

Designed for use with both pressurized and non-pressurized foam marker equipment, Fomark is ideal for agricultural, turf or soil field marking applications.

Fomark helps eliminate costly gaps and overlaps which can occur during the application of fertilizers or pesticides.

Fomark is economical to use and is the quality standard by which most foam marking agents are judged.

Directions For Use

Depending upon water hardness and temperature, Fomark may be used at dilutions ranging from 100:1 to 80:1.

For most water conditions: Add one gallon of Fomark for every 100 gallons of water (100:1). This dilution rate will normally provide sufficient foam for most water conditions.

For extremely hard water, (1,000 parts per million hardness or greater): Add one gallon of Fomark for every 80 gallons of water (80:1).

Color additives can be used with Fomark to enhance visibility. The use of foam colorant additives may require the 80:1 use rate.

Best results are achieved when foam generating tanks are clean and free of other chemicals before adding Fomark.

Combining foaming agents, or use without proper cleaning of equipment, may reduce effectiveness.

Storage and Disposal

Do not contaminate water, food, or feed by storage or disposal.

Storage: DO NOT ALLOW PRODUCT TO FREEZE! Store above 45°F. Store away from heat or open flame and oxidizing materials. Store in a well-ventilated space. Keep cool. Keep container tightly closed.

Disposal: Do not contaminate water sources by cleaning of equipment or disposal of wastewaters. Wastes resulting from this product may be disposed of on site or at an approved waste disposal facility. Triple rinse (or equivalent) during mixing and loading. Recycling decontaminated containers is the best option of container disposal. The Agricultural Container Recycling Council (ACRC) operates the national recycling program. To contact your state and local ACRC recycler visit www.acrecycle.org. Decontaminated containers may also be disposed of in a sanitary landfill. Dispose of contents/container in accordance with local/national regulations.
